FALL GENERAL ELECTION 2020
SENATOR APPLICATION ANSWERS

Name: Tim Galvin

Why are you interested in this Senator position and what makes you qualified?
(300 words max)

I am interested in Student Senate because I want to make a difference in the daily school lives of my fellow students. I listen to everyone and do my best to fix what needs to be fixed. I put others' want and needs before mine, and I say what I do and say what I mean, I'm also a leader, committed, and serious when I need to be. Lastly, I am the peoples' person. I do what I can to help improve their daily lives, and I earn their trust and do not betray their trust.

What do you see as the top issue(s) facing students at RCTC today? (300 words max)

I conducted a poll of 9 RCTC students (I attempted to get more), and the polls revealed 3 main problems. The first problem is the food service. There are no, to my knowledge, meal plans in place, and as such, students may not be eating as healthy as they can be. Another issue I found in my poll is that students would like the cafeteria to close later for students that study later, and open earlier for those, like myself, that arrive on campus early in the morning. Next is housing. I had at least one student that wanted on-campus dorms, though I'm unsure this would be feasible. Lastly, there were some miscellaneous items in the poll. Some students wanted the gym in the fitness center to be open to all, and not just athletes. Some wanted more activities around campus to engage others, and still others wanted more maps on campus. These are the issues that I see facing students at RCTC, ones that I aim to fix.
