ROCHESTER COMMUNITY AND TECHNICAL COLLEGE

Students completing program prior to the end of Spring 2013 may use BUS 2144, Introduction to e-Business as a Professionally-related Elective.

TOTAL60 Credits

PURPOSE: The purpose of the Interaction Design A.S. Degree Program is to provide the first two years of experience for transfer to any higher education institution for careers in Interaction or Web Design. There are many opportunities in Interaction or Web Design careers such as designing the look-and-feel of web sites, developing web sites, creating web content for mobile devices, conducting usability and accessibility studies of web sites, and creating content for delivery over the web.

An Articulation Agreement has been established between Rochester Community and Technical College and Minnesota State University, Moorhead. As a result, students will be able to transfer the Interaction Design Program as a package. Students will enter the transfer program at earning full credit for RCTC's two-year degree program.

All of the classes in this degree are offered online; many of the classes are offered in a face-to-face classroom. Students may choose to take the class in either format.

Revised: 012/15/2011
