COMMON COURSE OUTLINE: Course discipline/number/title: HS 1780: Alcohol and Drug Counseling Practicum II

A. CATALOG DESCRIPTION
   1. Credits: 3
   2. Hours/Week: 3
   3. Prerequisites (Course discipline/number): Admission to RCTC Alcohol and Drug Counseling Program or Certificate. HS 1710, HS 1720, HS 1730, HS 1740, HS 1750, HS 1760, and HS 1765.
   4. MnTC Goals (if any): NA

Students in practicum II will demonstrate their mastery of academic coursework in the 12 core functions of an alcohol and drug counselor by completing a minimum of 440 hours of clinical practice under the supervision of a Licensed Alcohol and Drug Counselor or other qualified professional. During regularly scheduled seminar meetings students will discuss ethical and professional considerations, boundary settings, interpersonal conflicts, and their engagement in the therapeutic process. Furthermore, students will share with one another their practicum experiences, challenges, areas for improvement, strengths, areas of professional growth, and progress in the twelve core functions.

B. DATE LAST REVISED (Month, year): December, 2015

C. OUTLINE OF MAJOR CONTENT AREAS:
   1. Trans-disciplinary foundations of alcohol and drug counseling
   2. Pharmacological aspects of addiction
   3. Ethical, legal and multicultural issues
   4. Co-occurring disorders
   5. Client screening, intake, orientation, and assessment
   6. Treatment planning, counseling skills, and case management,
   7. Crisis intervention and client education
