ACADEMIC INFORMATION

**Academic Skills Assessment Program (ASAP)**
Rochester Community and Technical College can help students have a successful college experience by providing information about current academic skills. Students will complete the ASAP, which will determine which courses are appropriate for their level of reading, writing, and mathematics skills.

As students plan an academic schedule, they will be able to use these assessment results as guideposts for successful achievement of their goals at RCTC. Students should retain their assessment scores and bring the scores with them when meeting with advisors or counselors. A student may be required to enroll in a developmental class that will provide basic skills needed for success in subsequent classes. Students who have successfully completed college-level English and math coursework may be exempt from taking the assessment.

**Admissions and Records**
The Admissions and Records Office processes applications for admission to the college and to special admittance programs (such as allied health and technology programs). The office maintains a permanent, confidential record of each student’s academic history at the college.

**Cashier Office**
The final stop of the registration process is payment of tuition and fees in the Cashier Office. Fee payments and distribution of financial aid (loans and grants) and certain scholarship awards are also made through this office. Full and complete payments are due Fall and Spring semesters the 21st day of classes.

**Class Attendance**
Students are expected to attend all classes. Class attendance is vital to successful achievement in individual courses and in the entire college program. In case of absence, it is the responsibility of the student to arrange for completion of work missed. Individual faculty determine, communicate, and implement attendance policies for their classes and programs. For excused absences, please refer to our policy on page 45.
Complaints
Differences between students and faculty are usually resolved on an informal basis. At RCT C, the suggested sequence to lodge a complaint about a faculty member:
1) Discuss the complaint with the instructor.
2) Discuss the complaint with the Division Coordinator or Program Leader.
3) Discuss the complaint with the Dean or Associate Dean.

The Office of the Vice President of Academic Affairs (285-7234) can help a student identify and locate the appropriate leader, coordinator or dean. The College does provide a formal avenue for appeal. Every attempt should be made to explore the informal avenues before escalation to more formalized procedures. Refer to the complete procedure on the web at www.roch.edu.

Course Syllabus
Students will receive a written class syllabus from each teacher during the first week of the course. The syllabus includes course requirements, attendance policy, grading procedures (standards for evaluation of student learning), office number for faculty, office hours for faculty, materials and text required or recommended for the course (elements of the corresponding common course outline, and other information pertinent to the course.

Dean’s List
Excellence in scholastic achievement is recognized each semester by the compilation of a Dean’s List. A student successfully completing at least 12 credits with grade points, with a minimum term grade point average of 3.000 or better qualify for the Dean’s List. These lists are posted in the Admissions and Records area, as well as distributed to local media. Students obtaining a 4.0 on the Dean’s List also receive a letter from the College honoring their achievement.

Drop/Add/Withdrawal Period
See Policy on page 34.

Fresh Start
A student with a two-year lapse of attendance at Rochester Community and Technical College may apply to the Office of Admissions and Records for a transcript re-evaluation “fresh start” their first year (one year) of re-admission to RCTC. A student will be allowed to submit a second Fresh Start application after a four-year lapse of attendance at Rochester Community and Technical College. A transcript re-evaluation allows a student to exclude grades, which are detrimental to the student’s grade point average (GPA). If approved for Fresh Start, a student’s record will reflect all original courses attempted by the student, however, the grades will not be included in the computation of the GPA. The entire transcript will be
reviewed upon application to a program with selective admission criteria; hence Fresh Start may not benefit students applying with special admission requirements. Additionally, the credits for Fresh Start approved courses will not count for registration privileges or graduation requirements. Grades of “NC”, “I”, “P”, and “W” do not impact the GPA and therefore are not considered for re-evaluation. Courses that were counted toward any previously conferred Diploma, Certificate, or Associate’s Degree cannot be considered for re-evaluation. Student’s planning to transfer may wish to consult their transfer institution to determine what impact Fresh Start may have on the transition.

**Full-time/Part-time Status**

Students must be enrolled in at least twelve credits each semester to be considered full-time. Nine to eleven credits are considered three-quarter time, six to eight credits are half-time status, and one to five credits are considered less-than-half-time status. Credit requirements for full-time status may vary for financial aid eligibility.

**Grade Point Average/Transcript Symbols**

</table>
W: Withdrawal- Indicates a course from which the student has withdrawn, no later than sixtieth class days after the first day of the semester.

Z: No grade reported.

The Grade Point Average (GPA) for a student will be computed using only grades A through F.

Combinations: In courses so approved through Curriculum Council, students may choose the A-F, P/F, or P/NC option. The P/NC option may include both courses numbered below 1000 and other courses upon the recommendation of departments and approved by Curriculum Council. The P/NC option must be declared by the student within the first ten days of the academic term.

Incompletes: Must be initiated by the student and will be approved at the discretion of the instructor. The instructor may specify the time frame in which the work must be completed, but in no case later than the end of the next academic term, at which time an Incomplete grade will automatically change to an F if the student has not completed the work and/or the grade has not been submitted by the instructor. Incompletes must be accompanied by the appropriate form. The Vice President of Academic Affairs may approve extensions of this time for extenuating circumstances.

Auditor status: Must be declared by the student within the first 10 days of the academic term.

The “W” (withdrawal): Will normally be student initiated. However, under special circumstances approved by the Vice President of Academic Affairs, the college may give a student a “W”. This action (with the exception of suspension or expulsion) should take place not later than the deadline for student-initiated withdrawal and the student should be notified of the action.

Grade Reports (Report Cards)
Students may look up their grades on the web or stop by the Admissions and Records Office with a photo ID to get a copy.

Graduation Requirements
To graduate from RCTC the student must meet the graduation requirements in effect at the time of the first enrollment. If the graduation requirements for the program of study have changed subsequent to the time of the first enrollment the student may elect to graduate under the new criteria. However, the student must meet the graduation requirements as prescribed in
a catalog within the last eight years. This policy is effective for students enrolling in RCTC for the first time on or after fall of 1987.

Application for graduation must be completed and submitted by the 20th day of the semester in which they plan to graduate. Applications are available in the Admissions and Records Office.

**Immunization Verification Requirement**
Minnesota law (M.S. 135.14) requires that any student born after 1956 who did not graduate from a Minnesota High School in 1997 or later and is registering for more than one class at a public or private post-secondary school in Minnesota be immunized against Tetanus, Diphtheria, Measles, Mumps, and Rubella. Exemptions are only allowed under specific circumstances.

Required students must submit a statement indicating the month and year of each immunization. A form to submit this information will be provided to each student as part of the admission process. This form may also be printed off of the Student Health Services web page: [http://www.roch.edu/rctc/services/html/student_health_services.html](http://www.roch.edu/rctc/services/html/student_health_services.html)

Immunization records are kept on file for one year from the date they are received. Students are encouraged to keep a copy of their immunization information for their own records. If students have questions about the form or the requirements, they may contact Student Health Services at (507) 285-7261 or by e-mail at RCTC.healthservices@roch.edu.

**Midwest Student Exchange Program (MSEP)**
RCTC participates in MSEP. This interstate initiative established by the Midwestern Higher Education commission is available to residents of Kansas, Michigan, Minnesota, Missouri and Nebraska. More information is available from the registrar’s office.

**Refund of Tuition and Fees**
See Policy on pages 34-36.

**Registration**
Registration dates and times for classes at RCTC will be posted on the website [www.roch.edu](http://www.roch.edu). New entering students receive registration information by mail once they have applied.
Repeating Courses
In general, students are allowed to repeat courses for the purpose of passing or improving their grade. Some programs may have specific guidelines regulating when courses may be repeated and any potential impact on continuation in that program. Credits may be counted toward graduation only once. Students must complete a “Course Repeat” form and submit it to the Admissions and Records Office in order to have only the higher grade counted in the computation of their overall grade point average.

Transfer of Credit
Students who present credits from other higher education institutions will have those credits evaluated once all official transcripts have been received in the Admissions and Records Office. The institution that the student attended must be accredited at the higher education level. The course work to be transferred must be comparable in nature, content and level to courses offered at Rochester Community and Technical College. An official transcript must be sent directly to the Admissions and Records Office from the other higher education institution. For further information regarding transfer please contact the Counseling Center or the Admissions and Records Office.

Tuition and Fees
See Policy on pages 28-29. The College is not responsible for delays in the US Mail system. If you register for class after the published payment deadline, payment is due at the time of registration. Tuition and fees information is available on our web site as well as posted by the Cashier’s Office and Admissions and Records area. Reciprocity: Residents of North Dakota, South Dakota, and Wisconsin may apply for reciprocity by filling out forms available in the Admissions/Records Office. Payment for class/classes added after the payment due date is due at the time of registration. The first funds that are received at RCTC to include scholarships and veteran’s benefits, but not limited to those, will be applied to the student’s current balance due.

Withdrawal from Class
Withdrawal deadlines are published in the semester schedule and school calendar. Please refer to the Withdrawal Policy on pages 34-36.

Bus Information
Using the bus system in Rochester is easy and convenient. Students can access any part of the city using Rochester City Lines as their mode of transportation. The buses are clean, safe, and enjoyable to ride. The City Lines services RCTC every 30 minutes from 7:30 a.m to 6:00 p.m.

Campus Security
It is the philosophy of Rochester Community and Technical College that we would much rather prevent crimes from occurring than react to them after the fact. A primary vehicle for accomplishing this is a crime prevention program. Rochester Community and Technical College’s crime prevention
program is based upon the dual concepts of eliminating or minimizing criminal opportunity, whenever possible, and encouraging students and employees to be responsible for their own security and the security of others.

RCTC maintains a very strong commitment to campus safety and security. Parking lots, pedestrian walkways and building exteriors are lighted. A routine check of exterior lighting on campus is conducted by supervisors of maintenance staff on a weekly basis. Also, a routine check is made of the interior lighting (hallways, stairs and rooms.) In compliance with the Crime Awareness and Campus Security Act of 1990, crime statistics can be obtained by contacting the Campus Security Officer at 529-2789.

Students and staff are strongly encouraged to report crimes immediately. To report a crime or emergency, members of the campus community should call 285-7262. If you are reporting a medical emergency, call the College Health Service at 285-7261 or call 911, in case of serious injury or loss of consciousness.

Cancellations & Delays at RCTC
During periods of inclement weather or other emergencies, students are encouraged to listen for announcements regarding the delay or cancellation of classes or activities or the closing of the University Center and then to stay tuned for further updates. Whenever possible, the decision to close the Center, have a delayed opening or cancel day classes will be made prior to 6:00 a.m. Special attention will be given to night classes, many of these students travel considerable distances. Whenever possible the decision to cancel evening class will be made by 3:00 p.m.

The following radio and television stations will be notified:

Definitions:
CLOSING THE UNIVERSITY CENTER: Closing the University Center means to cease all operations for all three (3) institutions (RCTC, WSU-RC, UMR), other than those operations deemed essential to the protection of life and property. Closing the University Center results in the cancellation of classes, student and staff activities and meetings. All general offices are closed. Only essential employees must report to work during their regularly scheduled shifts.

DELAYED OPENING: Delayed opening refers to opening of all operations for all three (3) institutions at a later time, other than those operations essential to the protection of life and property. Only essential employees must report to work during their regularly scheduled shifts.
CANCELLATION OF CLASSES: Cancellation of classes (off-campus or on-campus) means to cancel one, several, or all classes, of either a single institution, several of the institutions or all the institutions, in the absence of officially closing the entire University Center.

CANCELLATION OF NON-ACADEMIC ACTIVITIES: Cancellation of non-academic activities refers to the cancellation of an event such as athletic events, theatrical productions, concerts, or workshops.

Car Starting
If a student is having trouble starting his/her car, RCTC has a “Gene” Car Starting Unit that students may use to start their car. The Car Starting Unit is located in the UCR Library and may be checked out by students between 8:00 am and 10:00 p.m. Monday through Thursday; 8:00 am-4:30 p.m. Friday; 9:00 am-5:00 p.m. Saturday; 1:00 p.m. – 5:00 p.m. Sunday.

Civic League Day Nursery is licensed by the State of Minnesota and accredited by the National Association of the Education of Young Children. Four hours per day, 4 days per week minimum is required. Please call 285-7232 for enrollment and fee information.

Students can be assured that all counselors respect the confidentiality of each visit. When possible, it is helpful to plan your visit to the counseling center by making an appointment (507-280-7260). Walk-ins are welcome and available at various times throughout the week.

Disabilities (Services for Students)
Disability Support Services offers support for disabled students. Services include pre-admission interviews, assistance with application and registration procedures; career and academic advising; auxiliary aids and adaptive equipment; special testing accommodations, advocacy; accessibility information; and referrals to community agencies. It is the responsibility of the individual disabled student to let his/her needs be known to the Disabilities Office. The college will provide reasonable accommodation within the provisions set down in section 504 of the Rehabilitation Act of 1973 and by the Americans with Disabilities Act of 1990 (ADA). DSS is located at the UCR in SS159 and Heintz Center A101. Contact Travis Kromminga, Disability Director at 280-2968. Eric Sime at 280-5006 is the ADA Grievance Coordinator.

Escort Service
Rochester Community and Technical College has made every effort to illuminate its parking lots at night. However, caution should be used when leaving an evening class or event. Those wishing an escort to their cars should call Campus Security at 285-7262.

Faculty Office Hours
In order to access faculty members outside the classroom, students should check their class syllabus or their instructor’s office area. Each full-time faculty member has scheduled office hours devoted to assisting students. Part-time and adjunct faculty members also have scheduled office hours. Students are encouraged to seek assistance from their instructors.

Financial Aid
The Department of Financial Aid provides assistance to students seeking alternative funding for their educational expenses. All students that wish to be considered for grant, workstudy, and/or student loan assistance must

All students receiving any type of financial aid are required to meet minimum academic standards to maintain eligibility. Please refer to the Satisfactory Academic Progress information (on pages 40-42) that pertains to Financial Aid eligibility. For detailed information about financial aid programs, eligibility and processing, visit our office at SS108 or web site [www.roch.edu](http://www.roch.edu).

Student Affairs Policies

The following are a condensed version of the Rochester Community and Technical College Policies. For a more complete description of the policies, please refer to the RCTC Web Page http://www.roch.edu/rctc/ or contact one of the Administrative Offices.

The information in this handbook was prepared as of June 2003, and is subject to change. Some RCTC policies will be revisited upon final approval of Minnesota State Colleges and Universities (MnSCU) Policies by the MnSCU Board.

ADMISSIONS

Rochester Community and Technical College is a comprehensive consolidated college offering occupational certificates, diplomas, and associate degrees; liberal arts/transfer associate degrees; and continuing education/customized training offerings. Students who can demonstrate ability to benefit from Rochester Community and Technical College offerings will be admitted to the College. (Please refer to www.roch.edu/rctc for details).

DRUG AND ALCOHOL FREE ENVIRONMENT

Rochester Community and Technical College seeks to create a campus environment that promotes healthy, responsible living; affirms civility; supports the well being of each of its members and is respectful of state and federal laws and institutional regulations governing behavior. Respect for campus and community standards and regulations is expected. Alcohol abuse and illicit drug use will minimize an individual’s abilities to develop their academic or social relationships and is contrary to the educational process and goals of higher education.

Rochester Community and Technical College recognizes that students, faculty, and staff are responsible for their own conduct, and for the consequences of their behavior as well. The purpose of this policy statement and subsequent information is to provide the campus community with the information needed to make responsible, healthy choices.

Part 1. Policy: The unlawful use, possession, distribution, manufacture or sale of any alcoholic beverage, controlled substances or illegal drugs, including but not limited to; hallucinogens, amphetamines, barbiturates, narcotics and marijuana, is prohibited on the campus of Rochester Community and Technical College. This campus prohibition includes athletic facilities or athletic events, and applies to any person on campus grounds, whether he or she is a member of the College community or not. Individuals should note that even though they may be of legal age to
consume or possess alcohol, RCTC policies prohibit the use or possession of alcohol on the campus. (“Exceptions” to this policy are listed under MnSCU Policy 1A.9.1)

**Part 2. Definitions.**

Alcohol and other Drug Abuse is defined as the use of mood-altering drugs, including all forms of alcohol, narcotics, depressants, stimulants, hallucinogens, marijuana or the use of prescription drugs when resulting behavior or appearance adversely affects work or academic performance.

Adversely Affects Work or Academic Performance and Under the Influence shall be determined to be present if the student or employee is perceptibly impaired; has impaired alterness, coordination, reactions, responses or effort; if the student or employee’s conditions threatens the safety of him/herself or others; or if the student or employee’s condition or behavior presents the appearance of unprofessional or irresponsible conduct detrimental to the public’s perception of the College as an employer as determined by the supervisor or manager or other observing the employee.

Controlled Substances means those substances whose distribution is controlled by regulations or statute, including, but not limited to narcotics, depressants, stimulants, hallucinogens and cannabis.

Mood Altering and Alter means changed behavior, which may limit a student or employee’s ability to safely and efficiently perform his/her job duties, or poses a threat to the safety of the student, employee or others.

**Part 3. Scope of Coverage:** This policy is applicable to any person on campus grounds, whether he or she is a member of the College community or not. RCTC is responsible for monitoring this policy, and determining when an infraction has occurred. RCTC is further responsible to determine the appropriate sanctions and impose those sanctions against all offenders in a fair and consistent manner. Questions regarding this policy can be directed to either the Director of Human Resources or the Director of Student Life.

**Part 4. Prohibited Activities:** According to the federal Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226) and Minnesota Statutes 152 (prohibited Drugs), 340A (Liquor Act) and 624.701 (Liquor in certain buildings and grounds), RCTC has implemented a program to prevent the use of alcohol and unlawful use of drugs on campus or at college-related activities by students and employees.

Students, by their association with RCTC, will abide by college conduct policies. However, this code of student conduct does not replace nor does it reduce any requirements of civil or criminal law imposed upon citizens as members of the larger community. Therefore, students who violate civil or
criminal law may be subject to both legal and college sanctions for the same conduct when the conduct occurs off campus, but is related to the college community.

While it is not possible to define each instance of misconduct, the following examples are intended to convey offenses:

- No student or employee shall unlawfully manufacture, sell, give away, barter, deliver, exchange or distribute or possess with the intent to manufacture, sell, give away, barter, deliver, exchange, or distribute a controlled substance or drug paraphernalia as defined in Minnesota Statutes, Chapter 152 while on campus or involved in a college activity, service, project program or work situation off campus. Also, no employee shall participate in these activities during rest breaks or during overtime work.

- Students and employees are prohibited from reporting to work or the campus and/or from operating or using any state owned equipment, machinery, or vehicles while under the influence of alcohol, marijuana, controlled substances, or other mood-altering drugs.

- No student or employee shall transport or use any recreational drugs in a state or rental vehicle while traveling to a college sponsored or approved activity (meetings, competitions, entertainment, etc.)

- Except as allowed by Minnesota Statute 24.701, no student or employee shall introduce upon or have possession upon any college campus, or while involved in a college activity, service project, program or work situation, any alcohol beverage as defined in Minnesota Statute 340A.101.

- Employees, including student employees, conducting the College’s business after the intake of alcohol shall be subject to sanctions if the resulting behavior negatively affects his/her performance or interaction with others.

- When an employee or student employee is taking medically authorized drugs or other substances, which may alter job performance, he/she has a duty to notify the appropriate supervisor of that information.

- The appropriate law enforcement agency will be notified when there is reasonable suspicion to believe that an individual may have illegal drugs in his/her possession on College premises. Where appropriate, the College shall also notify licensing boards.

- The purchase of alcoholic beverages using state or university dollars is prohibited (Foundation funds are neither State nor University funds and are exempt from this prohibition)

- Employees are discouraged from drinking alcohol beverages during meal breaks when returning immediately thereafter to perform work on behalf of the state. Any employee whose condition or behavior – following alcohol consumption – adversely affects their work performance shall be subject to possible discipline.
Part 5. Health Risks: Students and staff are notified of the health risks associated with the use of alcohol and other drugs. Additional information can easily be obtained by contacting the National Institute on Drug Abuse (NIDA), which is part of the National Institutes of Health (NIH), the principal biomedical and behavioral research agency of the United States Government. NIH is a component of the US Department of Health and Human Services.

Part 6. Disciplinary Sanctions: Students who violate this policy are subject to disciplinary action initiated by the College as outlined in RCTC Policy 3.6: STUDENT CONDUCT and in the student handbook, and may be referred for assistance to the RCTC Counseling Office. Employees who violate this policy are subject to disciplinary action, up to and including discharge. Employees with alcohol or other drug use problems may be referred to the Employee Assistance Program or elsewhere for assessment and/or counseling. Information about Minnesota controlled substance crimes and penalties can be found in Minnesota Statutes 152 and 223. Information about Minnesota alcohol related crimes and penalties can be found in Minnesota Statutes 169, 340, 360, 364, and 370. Information about federal drug trafficking penalties for most drugs can be obtained by contacting the United States Department of Justice, Drug Enforcement Administration.

Part 7. Biennial Review: As required by the Drug-Free Schools and Campuses Regulations, a biennial review of the alcohol and other drug programs and policies will be reviewed every two years. This review will determine the effectiveness of, and to implement any needed changes to, the AOD program. The Vice President of Student Affairs will ensure that the disciplinary sanctions for violating standards of conduct are enforced consistently.

nationals.

These courses will appear on the student transcript and students are responsible for all related tuition and fees. All withdrawal requests must be made in writing to the Admissions and Records Office by the posted deadline.

*A class day shall be defined as any weekday in which the college is in full-operation and classes are in session (thus excluding holidays, breaks, Saturdays, Sundays, and in-service days) and is limited to the normal hours of operation as determined by the college.
Withdrawing from a portion of registered credits does not entitle the student to any refund or reduction of related tuition and fees. **Fall and Spring Semester Schedule – Total Withdrawal**
Students may withdraw up to the 60th class day* of the term.

- Denial of a deferred payment plan is not grievable through the Rochester Community and Technical College Student Grievance Policy.

**Part 4. Tuition Waiver for Senior Citizens**
A resident of Minnesota who is 62 years of age or older is entitled to attend courses offered for credit or audit without payment of tuition or activity fees when space is available after all tuition-paying students have been accommodated. When a course is taken for credit, the statute authorizes the collection of an administrative fee of $9.00 per credit.

**Part 5. Appeals**
Students wishing to appeal Assessment of Tuition and Fees policy should be prepared to fully document the circumstances on which the appeal is based. Appeals must be written or typed, signed by the student, contain appropriate supporting documentation and should be delivered to the RCTC Admissions and Records office. Each appeal will be reviewed and a judgment will be mailed to the student.
RESIDENCY REQUIREMENTS FOR IN-STATE TUITION

According to Minnesota Statute 135.031 subd. 2, the following categories of students shall be classified as Minnesota residents for the purpose of assessing tuition.

1). Students who resided in the state for at least one calendar year prior to applying for admission, or dependent students whose parent or legal guardian resides in Minnesota at the time the students applies.

2). Minnesota residents who can demonstrate that they were temporarily absent from the state without establishing residency elsewhere.

3). Residents of other states or provinces who are attending a Minnesota institution under a tuition reciprocity agreement; and

4). Students who have been in Minnesota as migrant farm workers, as defined in the Code of Federal Regulations, Title 20, section 633.104, over a period of at least two years immediately before admission or readmission to a Minnesota public post-secondary institution, or students who are dependents of such migrant farm workers.

EXCEPTIONS:
According to MnSCU Board Policy 2.2, individuals in the following categories shall also qualify for in-state tuition rates:

1). Nonimmigrant Japanese students who have completed a program of study of at least one academic year at Akita campus and have been recommended by the provost for transfer to a Minnesota state college or university and who retain their legal visa status.

2). Students who are recognized as refugees by the Office of Refugee Resettlement of the U.S. Department of Health and Human Services.

3). High ability students who are in the top 15% of their high school class or who score above the 85th percentile on a nationally-normed, standardized achievement test and who reside in states that do not have a reciprocity agreement with Minnesota.

4). Non-immigrant international students approved for the Resident Tuition Cultural Scholarship.

5). U.S. military personnel serving on active duty assignment in Minnesota, and their spouses and dependent children.

ESTABLISHING DOMICILE:
Students who do not qualify as Minnesota residents according to the statute, or by exception as identified in MnSCU Policy, may establish eligibility for in-state tuition rates by demonstrating domicile in Minnesota before the beginning of any academic term. Domicile is defined as “a person’s true, fixed and permanent living place. Domicile is the place to which a person intends to return after temporary absences. A person may have only one
domicile at a time.” Students have the burden of proving domicile and must first meet the following threshold requirements:

- a. Must have resided in Minnesota for at least one calendar year immediately prior to applying for in-state tuition.
- b. Residence in Minnesota must not be merely for the purpose of attending a college or university.

Students who meet both “a” and “b” above must develop a reponderance of evidence to support their appeal for residency status. A form is available in the Admissions and Records Office to assist students in establishing domicile. All appeals and supporting documentation should be directed to the Registrar, and must be received PRIOR to the first day of the term in which reclassification is sought.

SATISFACTORY ACADEMIC PROGRESS
(ACADEMIC SUSPENSIONS)

Earned Credits: Successfully completed credits; includes only A, B, C, D and P (used by Financial Aid. to calculate percent of completion).

Grade Points: Calculated using courses for which a student receives a letter grade of A, B, C, D or F - does not include P or NC. (A=4, B=3, C=2, D=1, F=0.) Grade point total is the sum of grade points earned as determined by multiplying the grade point value of the grade by the number of course credits. Rochester Community and Technical College students bear primary responsibility for their academic progress and for seeking support services when experiencing academic difficulty. Students are encouraged to keep a file of their grades and transcripts.

A student is not making satisfactory academic progress whenever his/her cumulative grade point average is below 2.00. Anytime the cumulative GPA is below 2.00, the student will be on an academic probation.

Satisfactory Academic Progress.

1. Qualitative Measure. All students are required to maintain a minimum GPA level as charted below:

<table>
<thead>
<tr>
<th>Cumulative Registered Credits</th>
<th>Minimum Required GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>6-15</td>
<td>1.40</td>
</tr>
<tr>
<td>16-31</td>
<td>1.60</td>
</tr>
<tr>
<td>32-45</td>
<td>1.80</td>
</tr>
<tr>
<td>46+</td>
<td>2.00</td>
</tr>
</tbody>
</table>

Any student enrolled in a program requiring fewer than 46 credits for graduation will be required to achieve at least a 2.00 GPA prior to graduation.
In addition to the GPA standards listed above, a student who exceeds a total of eight (8) courses with Ws and/or NCs shall be suspended from academic coursework.

2. Evaluation Period. Following each Spring Semester, a student will be suspended whose GPA falls below the qualitative measures listed above. Suspensions shall be one (1) year in duration - a suspended student may not register from the fall semester following notice of suspension through the summer session of the next academic year.

3. Additional information.
   A. GPA is calculated using a grade point value for grades of A, B, C, D, and F. Although a grade of P will count as credit earned, it carries no grade point value.
   C. An I (incomplete) is assigned only in exceptional circumstances and is a temporary grade. An I grade will automatically become an F at the end of the next semester if requirements to complete course work have not been satisfactorily met. (If the course is offered P/NC, the I will automatically become an NC at the end of the next semester.)
   D. Repeat credits will be allowed in order to improve a grade. The best grade will be used to compute GPA. A successful repeat of a course does not remove the original attempted work in evaluating the completion ratio.
   E. Remedial course work to a maximum of 30 semester credits will be allowed.
   F. Transfer credits earned at another college will not be included when calculating satisfactory academic progress. However, these credits are calculated into the credit limitation (see Part 1, #3).
   G. Programs may have more restrictive academic standards requirements.

Appeals.
A student who is unable to achieve satisfactory academic progress and is academically suspended from enrollment has the right to appeal based on extenuating circumstances. Appeals for academic suspension must be directed to the Registrar or his/her designee.

ALL appeals must be submitted in writing (including an explanation of the circumstances that affected academic progress,) with supporting documentation attached (if appropriate or requested,) and an academic action plan (prepared with a counselor/advisor.) If the appeal is approved, the
student is considered on probation until satisfactory academic progress standards are met. Failure to meet conditions set for probation shall authorize the College to place the student back on suspension.

If the appeal is denied, the student has the right to have the appeal forwarded to the Vice President of Student Affairs and Institutional Advancement for consideration.

**Reinstatement**
A student who has been suspended from enrollment may return to the College after an appeal has been approved or the period of suspension has passed. The student will return as a student on probation.

**SATISFACTORY ACADEMIC PROGRESS**

**FINANCIAL AID SUSPENSIONS**

Rochester Community and Technical College (RCTC) is a publicly supported college. A student’s tuition covers less than half of the cost of education. The Minnesota legislature provides taxpayers’ money to support the additional cost. RCTC provides a variety of programs and services to help students be successful; however, RCTC must also be accountable to the taxpayers/legislature by reporting students’ successful (or unsuccessful) academic progress. In the event a student does not use the various academic support programs available or is unable to achieve satisfactory academic progress, RCTC can not let the student continue to enroll and/or receive financial aid.

Students bear primary responsibility for their own academic progress and for seeking assistance when experiencing academic difficulty. Students are encouraged to keep a file of their grades and transcripts.

**Part 1. Requirements:** A 2.00 Grade Point Average (GPA) is the standard for satisfactory academic progress. To earn a degree, a student must have a cumulative GPA of 2.00 or above. Therefore, a student is not making satisfactory academic progress whenever the student’s cumulative grade point average is below 2.00.

Following each semester, a student’s satisfactory academic progress will be reviewed. Students not meeting the requirements will be placed on probation after the first occurrence. A second occurrence will result in the student being placed on suspension from all Financial Aid programs. The following chart lists the required GPA to maintain Satisfactory Academic Progress.
<table>
<thead>
<tr>
<th>Cumulative Registered Credits</th>
<th>Minimum Required GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>6-15</td>
<td>1.40</td>
</tr>
<tr>
<td>16-31</td>
<td>1.60</td>
</tr>
<tr>
<td>32-45</td>
<td>1.80</td>
</tr>
<tr>
<td>46+</td>
<td>2.00</td>
</tr>
</tbody>
</table>

In addition to the GPA requirement above:
- A student who exceeds a total of eight (8) courses with Ws and/or NC’s shall be suspended from financial aid. Financial aid recipients must successfully earn 66.66% of cumulative registered credits.

- Students may continue to receive financial aid through the number of credits required for the completion of the degree/diploma/certificate multiplied by 150%, (in most cases this will be 96 cumulative registered credits) provided they meet required GPA and completion rate. Credits transferred from other institutions toward a certificate or degree may be counted in this manner.

Part 2. Definitions/Conditions:

**Credit:** The unit by which academic work is measured.

**Registered Credits:** The total number of credits for which a student is officially enrolled at the end of the drop/add period each semester. Registered credits include repeat coursework, developmental coursework and consortium credits. Registered credits do not include transfer credits or audits.

**Earned Credits:** Successfully completed credits; includes only A, B, C, D and P (used by F.A. to calculate percent of completion).

**Grade Points:** Calculated using courses for which a student receives a letter grade of A, B, C, D or F - does not include P or NC. (A=4, B=3, C=2, D=1, F=0.) Grade point total is the sum of grade points earned as determined by multiplying the grade point value of the grade by the number of course credits.

**Grade Point Average (GPA):** The quotient of the student’s grade point total divided by the grade point credits. Each grade report shows the student’s GPA for the term, and cumulative GPA since admission. “P” does not carry a grade point value, and as such, is not calculated in the GPA. A “P” will not improve the student’s GPA; however, “P” credits count toward total registered credits.

**Incompletes:** An “I” is assigned only in exceptional circumstances and is a temporary grade. An “I” grade will automatically become an “F” (or if
course is offered P the “I” will automatically become a N/C at the end of the next semester (not including summer sessions) if requirements to complete coursework have not been satisfactorily met.

Part 3. Application of Requirements:
1. Student’s satisfactory academic progress will be monitored after each semester.
2. All terms of attendance are counted.
3. Suspensions shall be one year in duration. The suspension becomes effective immediately following the second occurrence of unsatisfactory progress.
4. Once a student has been suspended for unsatisfactory academic progress, RCTC may invoke an immediate one-year suspension for a student whose academic progress falls below the required criteria in any subsequent semester.
5. Developmental coursework (below 1000 level) will be included under this policy with a limit of 30 credits normally being allowed.
6. A student who has been suspended from financial aid, and subsequently returns to the college, may not receive financial aid until he/she meets or exceeds the cumulative credit/GPA levels listed above, and successfully completes 66.66% of the cumulative credits attempted, or until he/she has an approved appeal. Unless the student has an approved appeal, he/she will have to finance his/her own education during the semester(s) attended to re-establish satisfactory progress.
7. Minnesota State Colleges and Universities (MnSCU) reserves the right to withhold aid from any student, at any time, who demonstrates an attendance pattern that abuses the receipt of financial assistance; for example, a student who withdraws from all classes two consecutive semesters, a student who has previously attended two or more institutions and has not progressed satisfactorily, a student who does not appear to be pursuing a degree/certificate, etc.

Part 4. Appeals: A student may appeal suspension by completing a Financial Aid Appeal Form and documenting extenuating circumstances to the Director of Financial Aid.

Rochester Community and Technical College students bear primary responsibility for their academic progress and for seeking support services when experiencing academic difficulty. Students are encouraged to keep a file of their grades and transcripts.
STATEWIDE STUDENT ASSOCIATIONS
Rochester Community and Technical College shall affiliate with the Minnesota State College Student Association.

STUDENT ASSOCIATIONS (CAMPUS)
The Rochester Community and Technical College Student Senate shall be the officially recognized student government of the College.

In return, Rochester Community and Technical College expects every student to assume the obligation and responsibilities that accompany those freedoms. By enrollment at Rochester Community and Technical College, students assume the obligation and responsibility of conducting themselves in accordance with reasonable and lawful requirements. Violations of these responsibilities may result in sanctions that can include, but are not limited to, warning, probation, suspension, or expulsion from the College. For the complete Conduct Policy please refer to www.roch.edu.

STUDENT DATA PRACTICES
Rochester Community and Technical College complies with provisions of the Family Educational Rights and Privacy Act. Pursuant to this Act, students are entitled to review those records, files, documents, and other materials which contain information directly related to them and maintained by the college. Students have the right to challenge information considered inaccurate or misleading. If the custodian of the record refuses a request for modification or removal of the information, the student may file an appeal through the Student Grievance Policy or place a written explanation of your challenge in the file. A list of college records and the responsible custodian is available from the RCTC Registrar.

Part 2. Directory Information.
Director Information is student data that is accessible to any member of the public for any reason. It includes the following:

- program of study
- enrollment status (enrolled full-time or part-time, graduated, withdrawn)

The college may disclose directory information without prior written consent, unless students submit specific written requests to the Admissions and Records Office that this data be treated as private.

Part 3. Disclosure of Education Records
The college will disclose information from a student’s education records only upon the express written consent of the student, with the exception of the following:

Records may be disclosed without consent to:

1) School officials who have a legitimate educational interest in the records. School officials are those individuals employed by the college who act in the student’s educational interest within the limitations of their need to know. This may include faculty, administrators, clerical and professional employees, and other persons who need student record information for the effective functioning of their office or position, including members of institutions having formal joint-program agreements with the college. Students serving on college committees or employed on campus may also be included where legitimate ‘need to know’ exists. A person employed by or under contract to the college to perform a special task, such as an attorney or auditor, may be considered a school official as appropriate to the proper performance of the specified task. Individuals identified as school officials do not have an inherent right to any and all education record information, but must demonstrate legitimate educational interest as opposed to a personal or private interest. Legitimate educational interest must be supported by the institutional responsibilities assigned to an individual. The information or student data requested must be relevant and necessary to the accomplishment of some task or determination, which is an employment responsibility for the inquirer. The information sought must be utilized within the context of official college business and not for purposes extraneous to the official’s area of responsibility.

2) Certain officials of the US Department of Education, the Comptroller General, and State and local educational authorities, in connection with audit or evaluation of certain State or federally supported education programs or for enforcement of or compliance with Federal legal requirements which relate to those programs.

3) State and local officials to whom disclosure is specifically required by State Statute adopted prior to November 19, 1974.

4) Veterans Administration officials, as specified under Title 38, Section 1790(c), United States Code.

5) Authorized persons in connection with a student’s request for or receipt of financial aid (to determine the eligibility, amount, or conditions of the
financial aid, or to enforce the terms and conditions of the aid).

11) Appropriate parties in a health or safety emergency.
12) An alleged victim of any crime of violence (as that term is defined in 18 U.S.C. 16); limited to the results of any institutional disciplinary proceeding against the alleged perpetrator with respect to that crime.

Records will NOT be disclosed without written consent of the student to any other persons or parties, including parents of dependent students.

Please refer to our web site at www.roch.edu for the complete RCTC Policy, including the Procedure for Inspection and Challenging the Contents of Education Records.

**STUDENT EMPLOYEES**

Rochester Community and Technical College employ students, as needed and as financial resources permit, as work-study students, student help, and/or classified student workers. **STUDENT EXCUSED ABSENCES**

Rochester Community and Technical College students shall be excused from classes for college approved activities and course field trips. This policy is intended to permit students to participate in broadening learning experiences without jeopardizing their academic standing in courses. Students will not be penalized for participation in a college-approved activity or field trip.

Part 1. Notification: The activity advisor or instructor will submit a list of students to be excused along with the dates and times of absence to the Office of the Vice President of Academic Affairs. If approved by the Vice President, the list will be published in the weekly staff communiqué.

Part 2. Student's Responsibility: It is the student's responsibility to contact his/her instructor(s) at least two academic calendar days prior to the absence
to arrange to make up work to be missed. If official postponement of an event occurs and the rescheduling renders the two academic calendar day requirement impossible to meet, instructors will not apply the two academic calendar day rule to the student. In such cases, the student is required to contact his or her instructor prior to the class (es) to be missed. If the student fails to fulfill this responsibility, he/she may lose the opportunity to make-up the work. Instructors may require make up work to be completed prior to the absence.

Part 3. Instructor's Responsibility: After the student contacts his/her instructor(s), the instructor(s) will attempt to arrange for make -up work or alternative assignments with students so that they are not penalized by their approved absence. It must be realized that material missed cannot always be exactly replicated.

TRANSFER POLICY
RCTC will evaluate college transcripts provided by incoming transfer students and post transfer credit to the student’s RCTC transcript in accordance with current MnSCU policy.

Guidelines.
1. RCTC will accept in transfer, for full credit, college-parallel general education courses offered by colleges with regional accreditation.
2. RCTC will accept in transfer, for full credit, parallel college-level vocational or technical courses offered by colleges with regional accreditation.
3. Coursework being transferred into RCTC must have a minimum cumulative grade point average (GPA) of 2.000 from each transferring institution. (I.E. One course of four credits earning a B and three courses of two credits each earning a D will result in the acceptance of only two “D” courses in transfer.)
4. Grade qualifiers, minus (-) and plus (+) will not affect how a grade is transferred into RCTC. Grades with the qualifier will be accepted as the letter grade earned (I.E. C- = C and C+ = C.)
5. The entire transcript will be reviewed upon application to a program with selective admission criteria.
6. Regional accreditation for this policy is defined as the accreditation conferred by the North Central Association of Schools and Colleges, or by parallel accrediting agencies in other regions of the U.S.

Procedure.
It is the responsibility of the student to provide an official transcript of the academic record to Rochester Community and Technical College for transfer evaluation. It is also the student’s responsibility to provide course syllabi, outlines, textbook lists, etc., in the event that these are needed for evaluation of a course taken at another post-secondary institution. In the matter of determining the equivalency of a course taken at another post secondary institution to a course offered by RCTC, the recommendation of the department concerned will be solicited. Final decisions may be appealed to the Academic Standards Committee.
