

International Visa Students

Tuberculosis (TB) Testing

All international students here on a Student Visa are required to meet a TB test requirement. Students must complete one of the following within 45 days of the first semester of classes.

1. Provide documentation of a negative TB test completed in the United States within the past 6 months.

OR

2. If you have previously tested positive for TB, you must provide documentation of the test and chest X-ray results. In addition;
 - a. If you took medicine for this, you must provide documentation of this.
or
 - b. If you were not given medicine, you must complete an annual TB questionnaire (attached)

OR

3. Get a TB test at RCTC Student Health Services, Olmsted County Public Health Department, or your regular healthcare provider. Documentation of the results of this test must be submitted to RCTC Student Health Services.

Students will not be allowed to register for another semester of classes until the TB test requirement is completed.

Students who were given BCG (TB vaccine) as a child still must get a TB test.
