

Rochester Community and Technical College

Core Student Learning Outcomes

Communication

Students will communicate appropriately for their respective audiences.

- Select and/or apply appropriate technology based on audience or situation.
- Make meaningful connections and relationships with their audience.
- Recognize communication is situational.
- Articulate or identify a clear and logical main idea.

Critical Thinking

Students will think systematically and explore information thoroughly before accepting or formulating a position or conclusion.

- Gather relevant information
- Synthesize, analyze, and evaluate information
- Make logical connections
- Support positions or conclusions
- Use information to create innovative solutions

Personal and Professional Accountability

Students will take responsibility as active learners for achieving their educational and personal goals.

- Exhibit honesty and respect
- Know policies and the consequences of one's actions
- Prioritize tasks to maintain balance
- Face experiences and challenges with a positive attitude
- Seek resources and services as needed
- Maintain holistic wellness
- Take pride in self and in one's work
- Ability to demonstrate a professional skill set
- Take responsibility for one's actions and decisions

Global Awareness, Diversity

Students will demonstrate an understanding of and respect for human diversity through their words and actions.

- Develop a sense of self in relation to others in a diverse society.
- Demonstrate knowledge of diversity in various contexts: cultural, social class, gender, sexual orientation, etc.
- Demonstrate an understanding of the skills necessary for living and working effectively in diverse environments.
- Recognize bias and inequity and consider the options of addressing these issues.
- Demonstrate an understanding of how people's actions affect both local and global communities.
