INTRODUCTION

Rochester Community and Technical College is the oldest public two-year college in Minnesota, and one of the oldest in the nation. Rochester Community and Technical College is a member of the Minnesota State system. The Campus sits on about 518 acres and serves about 7,200 students annually.

Mission

RCTC empowers students to thrive in an ever-changing, diverse society by providing access to exceptional education.

Vision

Rochester Community and Technical College will be a universal gateway to world class learning opportunities.

CAMPUS SAFETY AND SECURITY DEPARTMENT

The Rochester Community and Technical College Campus Safety and Security Department is recognized as the primary campus department responsible for providing security services for students, faculty, staff, and campus visitors. The Department is comprised of full-time professional and part-time paraprofessional officers. Security Officers are NOT licensed police officers and do not possess the power of arrest as defined by Minnesota State Statute; but have been granted the authority by the College President to enforce system and College policies, which are not inconsistent with federal, state, or local law.

The Rochester Police Department provides fully licensed police protection for Rochester Community and Technical College. The Campus Safety and Security Department has developed a working relationship with the Rochester Police Department that allows for immediate response to all crimes, emergencies, or requests for service generated by the campus.

CAMPUS SECURITY REPORT

In 1990, Congress enacted the Crime Awareness and Campus Security Act of 1990 (Title II of Public Law 101-542), which amended the Higher Education Act of 1965 (HEA). This act required all postsecondary institutions participating in HEA's Title IV student financial assistance programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998, 2000 and 2008. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the Clery Act and is in section 485(f) of the HEA.

On March 7, 2013, the Violence Against Women Reauthorization Act of 2013 (VAWA) (Public Law 113-14) was signed into law. VAWA includes amendments to the Clery Act. These changes require institutions to disclose statistics, policies and programs related to dating violence, domestic violence, sexual assault, and stalking, among other changes.

The Rochester Community and Technical College Campus Safety and Security Department compiles all required information and statistics for this report. Statistics are collected using incident reports and from other reporting authorities including, but not limited to, local law enforcement agencies and officials of Rochester Community and Technical College who have significant responsibility for student and campus activities. These college/university officials, known as Campus Security Authorities, (CSA's) include individuals in departments such as:

It is the policy of Rochester Community and Technical College to report all criminal activity to the Rochester Police Department by reporting incidents directly to their office or to the Campus Safety and Security Department. All crimes or potential crimes that are reported to the Campus Safety and Security Department will be forwarded to the Rochester Police Department. It is also Rochester Community and Technical College's position that all campus community members are responsible for reporting any criminal activity they become aware of to the Campus Safety and Security Department, 851 30th Avenue SE, Rochester, MN 55904, phone 507-280-5050, or the Rochester Police Department, 101 4th St SE, Rochester, MN 55904, phone 507-328-6800 (non-emergency number) or 911 if emergency.

Rochester Community and Technical College urges all campus entities that are excluded from mandatory reporting, such as professional mental health counselors and pastoral counselors, to advise clients who are victims of crime to report those incidents to campus or local law enforcement authorities, and to report confidential information used strictly for statistical purposes to the Campus Safety and Security Department. Rochester Community and Technical College publishes the Annual Security Report each year by October 1. The report is distributed to all potential students on the college application form and prospective employees on the job announcement via direct link to the report. All current students, faculty and staff are sent an email that briefly describes the report and also contains the exact Internet address where it can be found at: <https://www.rctc.edu/services/safety/annual-security-report/>. Printed copies of the report are available, at no cost, upon request from Campus Safety and Security Department, Coffman Hall, Room 102.

GEOGRAPHY

Pursuant to the Act, Rochester Community and Technical College's Campus Safety and Security Department and Clery Compliance Officer monitors criminal activity and publishes this report containing a three-year statistical history of select crimes or incidents that occur. The statistics are gathered from three specific geographic areas.

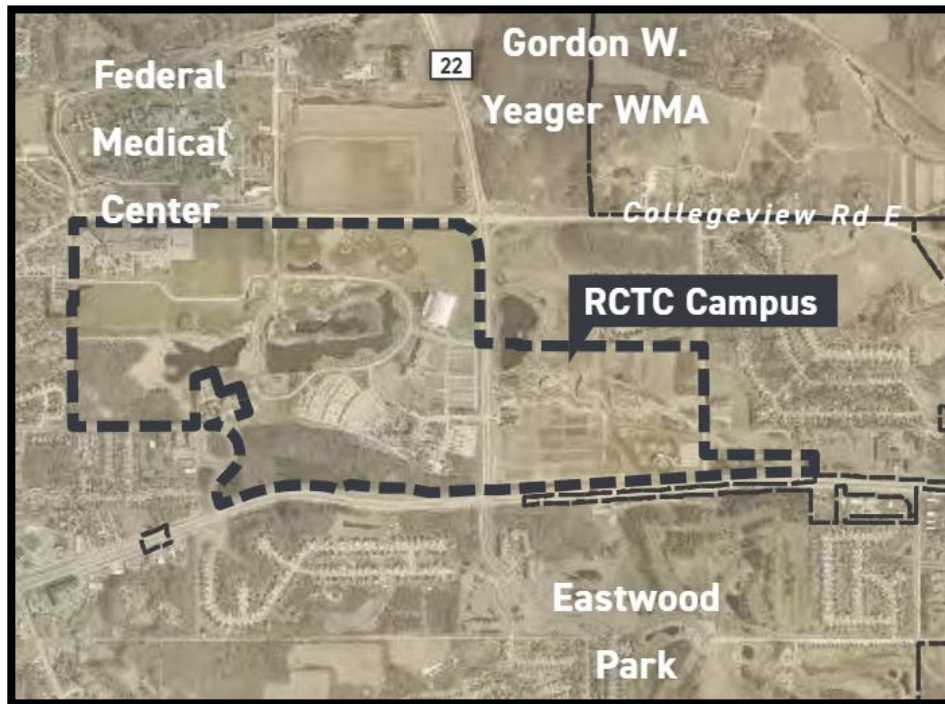

1. Campus.
2. Non-campus property or institution sanctioned buildings or property; and
3. Public property that is adjacent to campus and are submitted on an annual basis to the U.S. Department of Education.

The following definitions are taken from the Higher Education Act of 1965, 485(f) (20 U.S.C. 1092(f)), the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act" and are used to classify the locations listed in the Rochester Community and Technical College's Crime Statistics.

Campus Property Includes:

The black dotted line (see graphic below) surrounds the Rochester Community and Technical College Campus and identifies College property (i.e., On-Campus Property). The area within the dotted line consists of the buildings and grounds identified as the address of 851 30th Avenue SE, Rochester, MN.

Residential Facilities: Rochester Community and Technical College is a two-year institution with no residential facilities.

Non-Campus Building or Property: The term “non-campus building or property” means 1) any building or property owned or controlled by an institution; and 2) any building or property (other than a branch campus) owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution’s educational purposes, is used by students, and is not within the same reasonably contiguous geographic area of the institution.

Hate Crimes

Rochester Community and Technical College strives to foster a safe and healthy learning environment that embodies diversity and inclusion of all members of the Rochester Community and Technical College community. The Hate Crime statistics are separated by category of prejudice.

If a Hate Crime occurs where there is an incident involving Intimidation, Vandalism/Destruction/Damage, Larceny/Theft, Simple Assault, gender identity, national origin or another bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document.

Note: A hate or bias-related crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. For example, some subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim's race, sexual orientation, gender, religion, ethnicity, or disability, the assault is then also classified as a hate/bias crime.

Hate Crimes Statistics

2022: There were no reported hate crimes, as defined by applicable federal law

2020: There were no reported hate crimes, as defined by applicable federal law

EMERGENCY RESPONSE AND TIMELY WARNING

Rochester Community and Technical College is required by policy and fire code to have evacuation and emergency operations plans in place. The Colleges, general emergency evacuation procedures may be found at: <https://www.rctc.edu/services/safety/emergency/>. Within this link, such items as active shooter, bomb threat, fires, etc., are separately addressed.

Rochester Community and Technical College's current Emergency Operations Plan is based on the all-hazards concept, incorporating the National Incident Management System, and coordinated with the system office and local emergency response agencies. This plan is used to respond to any level of emergency impacting Rochester Community and Technical College and outlines the responsibilities and actions necessary to protect life, property, and the environment. Some of the processes and procedures are included in this report.

The College's Emergency Operation Plan has been posted at: <https://www.rctc.edu/wp-content/uploads/2021/02/EOP-PLAN-Website.pdf>.

Emergency Response: Rochester Community and Technical College will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students, faculty or staff occurring on campus. Rochester Community and Technical College has numerous systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat. These methods of communication include but are not limited to:

Active messaging: Rochester Community and Technical College has the ability to address the campus through a public address system that covers all interior campus offices, classrooms and public spaces.

Passive messaging: Rochester Community and Technical College will provide emergency information via the main web page. The administration will use campus wide mass email and any other available media such as signs, reader boards and internal closed-circuit televisions to disseminate emergency notifications to students, faculty, and staff. Twitter and Facebook social media will also be used to disseminate emergency notification either individually or through the RCTC Alert system.

Individual messaging: Rochester Community and Technical College utilizes an emergency notification system branded RCTC Alert, provided by Blackboard Connect, which disseminates emergency notification through SMS text, direct phone calls and email, at the selection of the recipient. This is an opt out/in system. RCTC Alert also posts messages to the College's primary Facebook and Twitter accounts.

Every semester, approximately 10-days prior to the start of the term, the Information Technology Department uploads all email addresses for current students and employees into the emergency notification system, using the local Active Directory. The process is repeated 10-days after the semester start (after drop/add period for enrollment).

Students, faculty, staff, and others have the option to sign up for emergency notifications via text, phone, and alternative e-mail addresses by setting up an account by using either their college email address or a personal email address as a user ID. They will then establish a password for this account. Passwords must be at least 8 characters, including 1 lowercase letter, 1 capital letter, and 1 number. Spaces and special characters are not permitted. Students, employees, and visitors will remain in the system until they request deactivation using the system.

The following link: <https://www.rctc.edu/services/safety/emergency-alerts/> provides additional directions for this process.

Students, faculty, and staff have the option of permanently opting out of RCTC Alert on those additional platforms in which they add aside from their college e-mail address. For additional information on access, issues concerning individual accounts or other questions contact: Executive Director of Communications, Marketing and External Relations, East Hall Room 133, 507.536.5604.

Rochester Community and Technical College, upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on campus proceeds as follows:

1. A Rochester Community and Technical College official will verify that a legitimate emergency or dangerous situation exists, even if all of the pertinent details are not known or are available at the time.
2. Rochester Community and Technical College officials, in coordination with and at the advice of local first responders, will determine the appropriate segment(s) of the campus community to receive notification.
3. Rochester Community and Technical College will, without delay, and taking into account the safety of the community, determine the content of the notification, unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The following procedures are specific to Rochester Community and Technical College:

DETERMINATION OF NOTIFICATIONS AND CONTENTS

Rochester Community and Technical College and/or local first responders on the scene of a critical incident or dangerous situation will assist those preparing the emergency notification and determining what segment or segments of the College community should receive the information. Campus community members in the immediate area of the dangerous situation will receive the emergency notification first. The College may issue subsequent notifications to a wider group of community members. In addition to the emergency notification system, the College will also post relevant messages about the dangerous condition on the College website to ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. If the emergency affects a significant portion of the entire campus, College officials will distribute the notification to the entire campus community.

Rochester Community and Technical College's Campus Safety and Security personnel, in connection with the Executive Director of Communications, Marketing and External Relations, designated College Administrators, and local first responders are responsible for issuing the emergency notification and will determine the contents of the notification. The College has developed a wide range of template messages addressing several different emergency situations. The individual authorizing the alert will select the template message most appropriate to the on-going situation and modify it to meet the specifics of the present incident.

In those cases, where there are no pre-determined template messages in the system, the individual authorizing the alert will develop the most succinct message to convey the appropriate information to the community.

In the event of a situation that poses an immediate threat to members, of the campus community, the College has various methods in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an emergency to all or a segment of the campus community. These methods of communication include the RCTC Emergency Alert, campus-wide e-mail system, Rochester Community and Technical College web page messages and text messaging (if the member of the campus community participates in this option).

VERIFICATION AND CONFIRMATION

Rochester Community and Technical College's Campus Safety and Security personnel and/or other campus first responders may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community. Campus first responders become aware of these situations when they are reported to Rochester Community and Technical College or upon discovery by other College personnel.

Once first responders confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, first responders will make the appropriate notification, and an RCTC Emergency Alert will be issued.

Rochester Community and Technical College authorized representatives will immediately initiate all or some portions of the College's emergency notification system. If, in the professional judgment of the first responders, issuing a warning potentially compromises efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, Rochester Community and Technical College may elect to delay issuing a notification of urgency. As soon as the condition that may compromise efforts is no longer present, the College will issue the emergency notification to the campus community.

The following persons or organization(s) are responsible for emergency notification dissemination:

- President
- Executive Director of Communications, Marketing and External Relations
- Director of Campus Safety and Security
- Safety and Security Officers
- Vice President of Student Affairs
- Vice President of Academic Affairs
- Vice President of Finance and Facilities
- Vice President of Human Resources and Equity
- Executive Assistant to the President
- Chief Information Officer

Rochester Community and Technical College after ensuring that local first responders are notified, will activate the active messaging system to provide emergency notification to the campus community. An immediate RCTC Alert containing pertinent emergency notification and information will be disseminated. Other passive and individual messaging will provide redundant and detailed emergency information as soon as reasonably possible. Rochester Community and Technical College will provide follow-up information to the community as needed.

Rochester Community and Technical College will test the emergency response and evacuation procedures annually in accordance with this policy and applicable state and federal regulations. Tests may be announced, or unannounced and emergency response and evacuation procedures will be publicized in conjunction with at least one test per calendar year. Results of each test will be documented and include a description of the exercise, the date, time, and whether it was announced or unannounced. This information will be maintained by the Campus Safety and Security Department. Records for all Clery related requirements are maintained for seven years and available upon request.

Timely Warning: Rochester Community and Technical College will issue a timely warning for all Clery Act crimes reported to Campus Security Authorities or local police agencies and considered by Rochester Community and Technical College officials to represent a serious or continuing threat to students, faculty, and staff. Timely warning will not be limited to violent crimes or crimes against persons and may include crimes against property or other types of serious or continuing threats. Timely Warning Notices will withhold the name of victims as confidential.

Issuance of a Timely Warning is determined on a case-by-case basis. Factors included are the nature of the crime or threat, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts. Rochester Community and Technical College will consult with local law enforcement and other officials when determining the need and content of any Timely Warning.

The intent of a Timely Warning is to enable the campus community to protect themselves and will include all information that would promote safety and aid in the prevention of similar crimes or protection from specific threats. Timely Warnings will be disseminated using the RCTC Alert text and email features, campus email system, bulletins, posters, or any other passive or individual method of notification to students, faculty, and staff.

Rochester Community and Technical College encourages students, faculty, and staff to be responsible for their

own security and the security of others by following the tips provided below.

PERSONAL SAFETY RECOMMENDATIONS:

- Security staff are available to assist you in protecting yourself by providing crime prevention programs and services. However, only you can protect yourself by being aware of your surroundings and taking appropriate steps in preventing crime from happening.
- Protect your room or apartment: Lock your door even if you are only going out for a short time or only going a short distance. It only takes seconds to walk into your open room and steal your valuables.
- Always lock your door when you are asleep. You are also encouraged to lock your door when you are awake.
- Do not prop open locked exterior building doors. These doors are locked for your protection and protection of other residents. Never open exterior doors of the building for strangers or non-residents. Always escort your guests to and from the building.
- Do not loan your keys to anyone, even a classmate or a friend. They may not be careful with them and may misplace them, giving the wrong person access.
- Do not leave your keys lying around in public places or your jacket pocket when you are not wearing it.
- Do not put your name or address on key rings as they may be used to steal your property if found by the wrong person.

PROTECT YOUR PROPERTY:

- Have your keys ready when returning to your residence hall or apartment, and keep your valuables concealed and close to your body.

HELP US PROTECT YOU:

- If you see any suspicious activity or people on or near campus, call the Rochester Police Department (911). If dialing from a campus phone, you must dial 9-911. Do not assume that what you observe is an innocent activity or that it has already been reported.

DAILY CRIME LOG

Rochester Community and Technical College's Campus Safety and Security Department maintains a written daily crime log. The crime log is maintained in compliance with the Clery Act, which mandates the College publish information about reported crimes within Rochester Community and Technical College's Campus Safety and Security patrol jurisdiction and includes records by date the crime was reported, any crime that occurred within the institutions designated Clery geography and that is reported to the Campus Safety and Security Department. The crime log discloses specific information about criminal incidents, not crime statistics. The information in the crime log contains the nature, date, time and general location of each crime and disposition of the complaint, if known. The log has a more specific location focus than the statistical disclosure and designed to disclose crime information on a more-timely basis. Rochester Community and Technical College **MUST** make an entry or an addition to an entry to the log within two business days of the report of the information to the Campus Safety and Security Department unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim.

The institution may withhold information required if there is clear and convincing information that the release of the information would:

- 1) Jeopardize an ongoing criminal investigation or the safety of an individual,
- 2) Cause a suspect to flee or evade detection, or
- 3) Result in the destruction of evidence.

Rochester Community and Technical College may disclose any information withheld once the adverse effect described above is no longer likely to occur. The institution can withhold only that information that would cause the adverse effect.

The Campus Safety and Security Department makes the crime log for the most recent 60-day period open to public inspection during normal business hours. Rochester Community and Technical College must also make any portion of the crime log, older than 60 days available within two business days or a request for inspection. Requests for this information should be made to Director Campus Safety and Security, Coffman Hall Room 102, Rochester Community and Technical College, 851 30th Avenue SE, Rochester, MN 55904.

SEXUAL ASSAULT AND RELATED OFFENSES

Rochester Community and Technical College does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Sexual violence includes a continuum of conduct that includes sexual assault, non-forcible sex acts, dating and relations violence, stalking, as well as aiding acts of sexual violence. Sexual assault and related offenses are governed and adjudicated under Minnesota State Board Policy 1B.3 Sexual Violence Policy, the Violence Against Women Act as amended and the Clery Act as amended. As a result, Rochester Community and Technical College issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a Rochester Community and Technical College official. In this context, Rochester Community and Technical College prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the university community.

For a complete copy of Minnesota State Board Policy 1B.3 Sexual Violence Policy, visit <http://www.minnstate.edu/board/policy/1b03.html> and System Procedure 1B.3.1 Response to Sexual Violence and Title IX Sexual Harassment <https://www.minnstate.edu/board/procedure/1b03p1.html>. Rochester Community and Technical College follows this policy and procedure.

Part 1. Policy statement

Sexual violence is an intolerable intrusion into the most personal and private rights of an individual and is prohibited at Minnesota State Colleges and Universities. Minnesota State is committed to eliminating sexual violence in all forms and will take appropriate remedial action against any individual found responsible for acts in violation of this policy. Acts of sexual violence may also constitute violations of criminal or civil law or of other Board Policies that may require separate proceedings. To further its commitment against sexual violence, Minnesota State provides reporting options, an investigative and disciplinary process, prevention training, and other related services as appropriate.

Subpart A. Application of policy to students, employees, Board of Trustees, and others

This policy applies to all Minnesota State students and employees, Board of Trustees and to others, as appropriate, where incidents of sexual violence on system property have been reported. Reports of sexual violence committed by a student at a location other than on system property are covered by this policy pursuant to the factors listed in Board Policy 3.6, Part 2. Reports of sexual violence committed by a system employee at a location other than system property are covered by this policy.

Reports of sexual violence committed on system property by individuals who are not students or employees are subject to appropriate actions by Minnesota State, including but not limited to pursuing criminal or civil action against them.

Allegations of discrimination or harassment are governed by Board Policy 1B.1.

Subpart B. College and university policies

Each Minnesota State college and university shall adopt a clear, understandable written policy on sexual violence that applies to its campus community, including but not limited to its students and employees. The policy content and implementation must be consistent with the standards in this policy and System Procedure 1B.3.1

Part 2. Definitions

The following definitions apply to this policy and System Procedure 1B.3.1.

Affirmative consent

Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Sexual Assault: an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's Uniform Crime Reporting system. A sex offense is any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. An actual, attempted, or threatened sexual act with another person without that a person's consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under Minnesota State student conduct codes and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as "date rape" or "acquaintance rape." This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.
3. Intentional and unwelcome touching, or coercing, forcing, or attempting to coerce or force another to touch a person's intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast).
4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

Rape: is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling: is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest: is defined as nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape: is defined a nonforcible sexual intercourse with a person who is under the statutory age of consent.

Domestic Violence: The term “domestic violence” means felony or misdemeanor crimes of violence committed:

1. By a current or former spouse or intimate partner of the victim.
2. By a person with whom the victim shares a child in common.
3. By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner.
4. By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
5. By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence: The term “dating violence” means violence committed by a person – who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Stalking: The term “stalking” means engaging in a course of conduct directed at a specific person that is unwanted, unwelcome, or unreciprocated; and that would cause a reasonable person to fear for the person’s safety or the safety of others; or suffer substantial emotional distress.

1. Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.
2. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
3. Reasonable persons means a reasonable person under similar circumstances and with similar identities to the victim.

Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Educational Programming/Training: Rochester Community and Technical College educates the campus community about sexual assaults, relationship, and dating violence, and stalking through presentations during the academic year including Welcome Day. All new students participate in an online learning module called Sexual Violence Prevention Training (SVPT).

The Title IX Coordinator, Investigators and Decision-Makers receive annual training. Informational brochures regarding sexual violence are available through the Campus Safety and Security Office, Student Health Services and Advising and Counseling Office. Campus Safety and Security also conducts security patrols of the campus and provides escorts. Information offered by Rochester Community and Technical College includes areas involving stalking, sexual harassment, sexual and domestic violence.

Procedures for Reporting a Complaint: Rochester Community and Technical College has procedures in place

that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. Rochester Community and Technical College will make such accommodations, if the complainant requests them and if they are reasonably available, regardless of whether the complainant chooses to report the crime to the Rochester Community and Technical College Campus Safety and Security Department or local law enforcement.

Students and employees should contact the Title IX coordinator, Teresa Brown at 507-285-7217, to request accommodations. Victim advocacy resources are available through the 24-hour crisis line at 507-289-0636.

After an incident of sexual assault or domestic violence, the victim should consider seeking medical attention as soon as possible at Saint Mary's Hospital at 1216 2nd St SW, Rochester MN 55902, or Olmsted Medical Center Hospital and Emergency Department at 1650 4th ST SE, Rochester MN 55904.

In Minnesota, evidence may be collected even if you chose not to make a report to law enforcement. Evidence collected during a medical forensic exam will only be tested if a report is made to law enforcement. Under Minnesota law, the county in which the sexual assault or rape occurred is responsible for the cost of collecting evidence during your medical forensic examination. The county must pay regardless of whether or not you report to law enforcement. After your medical forensic examination has been performed, the county may be reimbursed from your insurance with your permission. Counties must obtain your approval prior to billing your insurance. Whether or not the county uses your insurance is your choice. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs, or other copies of documents, if they have any, that would be useful to Rochester Community and Technical College investigators or police. Although Rochester Community and Technical College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim's choice whether or not to make such a report and victims have the right to decline involvement with the police. Rochester Community and Technical College will assist any victim with notifying local police if they so desire. Rochester Police Department may also be reached directly by calling 507-328-6800, in person at 4001 West River Parkway NW, Rochester, MN 55901.

Additional information about the Rochester Police Department may be found online at:
<https://www.rochestermn.gov/government/departments/police>.

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, Dr. Teresa Brown, Student Services building Room 208, 851 30th Avenue SE, Rochester, Minnesota 55904; phone 507.285.7217; email teresa.brown@rctc.edu by calling, writing, going online or coming into the office to report in person and Rochester Community and Technical College Campus Safety and Security Department, if the victim so desires. Rochester Community and Technical College will provide resources, on campus, off campus or both, to include medical, health, to persons who

have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Rochester Community and Technical College Campus Safety and Security Department or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the institution, below are the procedures that the institution will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

Rochester Community and Technical College Campus Safety and Security Department when informed of an alleged incident of sexual violence, shall promptly assist the complainant, as requested. Rochester Community and Technical College may:

1. Provide complainant with written information to access medical care, depending on when reported (immediate vs. delayed report).
2. Assess immediate safety needs of complainant.
3. Assist complainant with contacting local police if complainant requests and provide contact information for local police department.
4. Provide complainant with referrals to on and off campus mental health providers.
5. Assess need to implement interim or long-term protective measures, such as housing changes, change in class schedule, "No Contact" directive between both parties
6. Provide a "No Trespass" directive to accused party if deemed appropriate
7. Provide written instructions on how to apply for an Order of Protection
8. Provide a copy of the Sexual Violence Policy to complainant and inform the complainant regarding timeframes for inquiry, investigation, and resolution
9. Inform the complainant of the outcome of the investigation, whether or not the accused will be administratively charged and what the outcome of the hearing is
10. Enforce the anti-retaliation policy and take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation.

When appropriate, Rochester Community and Technical College may pursue legal action against a respondent, including, but not limited to, trespass or restraining orders, in addition to disciplinary action under the applicable student or employee conduct standard.

Assistance for Victims - Rights and Options: Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, Rochester Community and Technical College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. In Minnesota, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

1. Be informed of prosecutor's decision to decline prosecution or dismiss the case along with information

- about seeking a protective or harassment order at no fee
2. Protection against employer retaliation for victims to take reasonable time off to attend order for protection or harassment restraining order proceedings
 3. Domestic abuse victims have the ability to terminate a lease without penalty
 4. Sexual assault victims can make a confidential request for HIV testing of a convicted offender
 5. Sexual assault victims do not have to pay the cost of a sexual assault examination
 6. Sexual assault victims may not be required to undergo a polygraph examination in order for an investigation or prosecution to proceed.

Further, Rochester Community and Technical College complies with Minnesota law in recognizing Orders of Protection and Harassment Restraining Orders. When notified of a protection order security staff shares that information throughout relevant campus entities and when requested assist in a safety plan for the petitioner. the College's Campus Safety and Security Department will retain a copy of the order when provided.

Any person who obtains an order of protection from Minnesota or any reciprocal state (Under VAWA's full faith and credit provision, every state must recognize and enforce protection orders issued in other states, as if issued in the enforcing state) should provide a copy to Rochester Community and Technical College Campus Safety and Security Department and the Title IX Coordinator. A complainant may then meet with Rochester Community and Technical College Campus Safety and Security Department to develop a plan, which is a plan for campus officials and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home, etc. Rochester Community and Technical College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services. Protection from abuse orders may be available through the local county court at no cost. Rochester Community and Technical College may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim's cooperation and consent, Rochester Community and Technical College offices will work cooperatively to ensure that the complainant's health, physical safety, work, and academic status are protected, pending the outcome of a formal investigation of the complaint. The victim **will** be provided written notification about options for or available assistance in, and how to request changes to changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/ adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, Rochester Community and Technical College will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

Bystanders: Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some of the ways to be an active bystander. If you or someone else is in immediate danger, call 911. This could be: when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are OK.
2. Confront people who seclude, hit on, and/or try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in the Annual Security Report or other resources for support in health, counseling, or with legal assistance.

Reducing the Risk of Sexual Assault: You can reduce the chances of sexual assault by doing the following:

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas, it is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don't know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. Try not to load yourself down with packages or bags as this can appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (call 911)
11. Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink unattended, just get a new one.
12. Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they have had, or is acting out of character, get him or her to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
 - b. Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c. Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come and get you or make up an excuse for you to leave.
 - d. Lie If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave that to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgement before doing anything you may regret later.

Complainants' rights: are as follows:

1. Complainants have the right to file criminal charges with local law enforcement officials in any sexual assault case
2. They have all of the rights under the crime victims bill of rights, Minn. Stat. §§ 611A.01 – 611A.06,

including the right to assistance from the Crime Victims Reparations Board and the commissioner of public safety

3. Complainants are afforded the availability of prompt assistance from campus officials, upon request, in notifying the appropriate campus investigating authorities and law enforcement officials, and, at the direction of law enforcement authorities, assistance in obtaining, securing, and maintaining evidence in connection with a sexual violence incident
4. Campus Security Authorities will assist in preserving sexual violence complainant materials relating to a campus disciplinary proceeding
5. Complaints of incidents of sexual violence made to campus security authorities must be promptly and appropriately investigated and resolved
6. Upon a sexual assault complainant's request, Rochester Community and Technical College will take action to prevent unwanted contact with the alleged assailant, including, but not limited to, transfer of the complainant and/or the respondent to alternative classes, or to a work site or to alternative college-owned housing if such alternatives are available and feasible. Any accommodations or protective measures provided to the victim will be maintained in confidence, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.
7. Upon the request of the complainant, students who report sexual assaults to (Minnesota State) and subsequently chose to transfer to another college or university will be provided with information about resources for victims of sexual assault at the college or university to which the complainant is transferring

Investigation and Disciplinary Procedures: Investigations and disciplinary procedures will be conducted by Rochester Community and Technical College officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. Rochester Community and Technical College officials who conduct investigations and disciplinary procedures will not have any bias or conflict of interest toward either the accuser or the accused.

Procedures used in response to a complaint of sexual violence complainants should avoid requiring complainants to follow any plan of action, to prevent the possibility of re-victimization. The process will be respectful of the needs and rights of individuals involved and they will be treated with dignity. It is never assumed or suggested that the complainant or victim was at fault for the sexual assault or should have behaved differently to prevent the assault. All proceedings will be acted on promptly and conducted within reasonable timeframes. The process will allow for extensions of those timeframes for good cause with written notice to the complainant and the respondent of the delay and the reason for the delay. The process will be consistent with these policies and transparent to the complainant and the respondent. Student complainants and respondents will have the same opportunity to have an appropriate support person or advisor present at any interview or hearing, in a manner consistent with the governing procedures and applicable data practices law. Employees have the right to representation consistent with the appropriate collective bargaining agreement or personnel plan. All procedures will be conducted in accordance with applicable due process standards and privacy laws. The complainant and respondent will simultaneously be informed, in writing, of the outcome in a timely manner, as permitted by applicable privacy law. Outcomes will be based on a preponderance of evidence standard, meaning that it is more likely than not that the policy, procedure, or code has been violated. The past sexual history of the complainant and respondent are deemed irrelevant except as that history may directly relate to the incident being considered. A respondent's use of any drug, including alcohol, judged to be related to an offense may be considered to be an exacerbating rather than mitigating circumstance.

Rochester Community and Technical College takes allegations of sexual violence very seriously and recognizes

the consequences such allegations may have on a respondent as well as the complainant. Any individual who knowingly provides false information regarding the filing of a complaint or report of sexual violence, or who provides false information during the investigation of such a complaint or report, may be subject to discipline or, under certain circumstances, legal action. Complaints of conduct that are found not to violate policy are not assumed to be false.

If a complainant no longer desires to pursue a complaint through Rochester Community and Technical College proceeding, Rochester Community and Technical College reserves the right to investigate and resolve the complaint as it deems appropriate. Rochester Community and Technical College reserves discretion whether to pursue alleged violations of policy under appropriate circumstances, including, but not limited to, a determination that an effective investigation is not feasible because of the passage of time, or because the respondent is no longer a student or employee of Rochester Community and Technical College.

The institution will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for the purposes of this paragraph.

Sanctions: Rochester Community and Technical College may, at any time during the report/complaint process, reassign or place on administrative leave an employee alleged to have violated Board Policy 1B.3, in accordance with the procedures in System Procedure 1B.1.1. Such action must be consistent with the applicable collective bargaining agreement or personnel plan.

Rochester Community and Technical College may summarily suspend or take other temporary measures against a student alleged to have committed a violation of Board Policy 1B.3, in accordance with System Procedure 1B.1.1 or Board Policy 3.6.

Sanctions that may be imposed if a finding is made that sexual violence has occurred include, but are not limited to, suspension, or expulsion of students, or termination from employment for employees. The appropriate sanction will be determined on a case-by-case basis, taking into account the severity of the conduct, the student's or employee's previous disciplinary history, and other factors as appropriate. Witnesses or victims who report in good faith an incident of sexual violence will not be sanctioned by Rochester Community and Technical College for admitting in the report to a violation of the student conduct policy on the use of alcohol or drugs.

Actions by a student or employee intended as retaliation, coercion, discrimination, reprisal, or intimidation against an individual for making a complaint or participating in any way in a report or investigation under this policy are prohibited and are subject to appropriate disciplinary action.

In accordance to the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act, section 121 of the Adam Walsh Child Protection and Safety Act of 2006, and the Family Educational Rights and Privacy Act of 1974, the Rochester Community and Technical College Campus Safety and Security Department is providing a link to the Minnesota Sex Offender Registry. This act requires institutions of higher education issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student.

The Minnesota Level 3 Sex Offender Registry is available via Internet. **Information regarding Level 3 sex offenders can be found at <https://mn.gov/doc/community-supervision/community-notification/> and information regarding Level 2 offenders is available at the Rochester Police Department.**

Filing an Appeal: The complainant or the respondent may appeal the decision of the decision maker. An appeal must be filed in writing with the president or designee within ten (10) business days after notification of the decision. The appeal must state specific reasons why the complainant or respondent believes the decision was improper. In a complaint against a president or other official who reports directly to the chancellor, an appeal may be considered by the chancellor whether or not the chancellor served as the decision maker.

For employees represented by a collective bargaining agreement, an appeal under this procedure is separate and distinct from, and is not in any way related to, any contractual protections or procedures. During the pendency of the appeal disciplinary or corrective action taken as a result of the decision shall be enforced. In addition, in cases involving sanctions of suspension for ten (10) days or longer, students shall be informed of their right to a contested case hearing under Minnesota Statutes Chapter 14.

The president or designee shall review the record and determine whether to affirm or modify the decision. The president or designee may receive additional information if the president or designee believes such information would aid in the consideration of the appeal. The decision on appeal shall be made within a reasonable time and the complainant, respondent and designated officer shall be notified in writing of the decision, consistent with applicable state and federal data privacy laws. The decision on appeal exhausts the complainant's and respondent's administrative remedies under this procedure except as provided herein.

APPENDIX 1 TERMS AND DEFINITIONS

Aggravated Assault

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon (or displays weapon in a threatening manner) or by means likely to produce death or great bodily harm (e.g., victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness).

Arson

Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Burglary

The unlawful entry of a structure with the intent to commit a felony or theft.

Affirmative Consent

Consent is informed, freely given, and mutually understood willingness to participate in sexual activity that is expressed by clear, unambiguous, and affirmative words or actions. It is the responsibility of the person who wants to engage in sexual activity to ensure that the other person has consented to engage in the sexual activity. Consent must be present throughout the entire sexual activity and can be revoked at any time. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the complainant is mentally or physically incapacitated or impaired so that the complainant cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption or being asleep or unconscious. A lack of protest, absence of resistance, or silence alone does not constitute consent, and past consent to sexual activities does not imply ongoing future consent. The existence of a dating relationship between the people involved or the existence of a past sexual relationship does not prove the presence of, or otherwise provide the basis for, an assumption of consent. Whether the respondent has taken advantage of a position of influence over the complainant may be a factor in determining consent.

Criminal Homicide – Negligent Manslaughter

The killing of another person through gross negligence.

As a general rule, any death caused by the gross negligence of another is classified as Criminal Homicide—Manslaughter by Negligence (b).

Dating and Relationship Violence

Dating and relationship violence includes physical harm or abuse, and threats of physical harm or abuse, arising out of a personal intimate relationship. This violence also may be called domestic abuse or spousal/partner abuse and may be subject to criminal prosecution under Minnesota state law.

Destruction/Damage/Vandalism of Property

To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Drug law violations

Arrests or referrals for the violation of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

Intimidation

To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack. Note: This offense includes stalking.

Larceny-theft

The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another person.

Liquor law violations

Arrests or referrals for the violation of laws or ordinances prohibiting the manufacture, sale, transporting, furnishing, or possessing of intoxicating liquor.

Motor Vehicle Theft

The theft or attempted theft of a motor vehicle.

Note: A motor vehicle is a self-propelled vehicle that runs on the surface of land and not on rails and that fits one of the following property descriptions:

- **Automobiles** - sedans, coupes, station wagons, convertibles, taxicabs, or other similar motor vehicles that serve the primary purpose of transporting people
- **Buses** - motor vehicles that are specifically designed (but not necessarily used) to transport groups of people on a commercial basis
- **Recreational Vehicles** - motor vehicles that are specifically designed (but not necessarily used) to transport people and also provide them temporary lodging for recreational purposes
- **Trucks** - motor vehicles that are specifically designed (but not necessarily used) to transport cargo
- **Other Motor Vehicles** - any other motor vehicles, e.g., motorcycles, motor scooters, trail bikes, mopeds, snowmobiles, or golf carts.

Murder and Non-negligent Manslaughter

The willful (non-negligent) killing of one human being by another.

As a general rule, any death caused by injuries received in a fight, argument, quarrel, assault, or commission of a crime is classified as Murder and Non-negligent Manslaughter (1a).

Robbery

The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear that force will be used.

Robbery is a vicious type of theft in that it is committed in the presence of the victim. The victim, who usually is the owner or person having custody of the property, is directly confronted by the perpetrator, and is threatened with force or is put in fear that force will be used. Robbery involves a theft or larceny but is aggravated by the element of force or threat of force.

Sexual Assault

“Sexual assault” means an actual, attempted, or threatened sexual act with another person without that person’s consent. Sexual assault is often a criminal act that can be prosecuted under Minnesota law, as well as form the basis for discipline under student conduct codes and employee disciplinary standards. Sexual assault includes but is not limited to:

1. Involvement without consent in any sexual act in which there is force, expressed or implied, or use of duress or deception upon the victim. Forced sexual intercourse is included in this definition, as are the acts commonly referred to as “date rape” or “acquaintance rape.” This definition also includes the coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another.
2. Involvement in any sexual act when the victim is unable to give consent.
3. The intentional touching or coercing, forcing, or attempting to coerce or force another to touch an unwilling person’s intimate parts (defined as primary genital area, groin, inner thigh, buttocks, or breast).
4. Offensive sexual behavior that is directed at another such as indecent exposure or voyeurism.

Simple Assault

An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Sex Offenses – Defined

Forcible Sex Offenses.

Any sexual act directed against another person, forcibly and/or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent.

Reported offenses may include:

- **Forcible Rape** - The carnal knowledge of a person, forcibly and/or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth).
- **Forcible Sodomy** - Oral or anal sexual intercourse with another person, forcibly and/or against that person’s will or not forcibly or against the person’s will in instances where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.
- **Sexual Assault with an Object** - To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person’s will or not forcibly or against the person’s will where in instances where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Note: An object or instrument is anything used by the offender other than the offender’s genitalia. Examples include but are not limited to a finger, bottle, handgun, or a stick.

- **Forcible Fondling** - The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person’s will or not forcibly or against the person’s will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.

Note: Forcible Fondling includes Indecent Liberties and Child Molesting. Because Forcible Fondling is an element of Forcible Rape, Forcible Sodomy, and Sexual Assault with an Object, it should be reported only if it is the sole Forcible Sex Offense committed against a victim.

Sex Offenses, Non-forcible.

Unlawful, non-forcible sexual intercourse. Reported offenses may include:

- **Incest** - non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape** - non-forcible sexual intercourse with a person who is under the statutory age of consent.

Note: If force was used or threatened, or if the victim was incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity, then the offense should be classified as forcible rape, not statutory rape.

Sexual Violence

Sexual violence includes a continuum of conduct that includes sexual assault, and non-forcible sex acts, dating and relationship violence, stalking, as well as aiding acts of sexual violence.

Stalking

Stalking is conduct directed at a specific person that is unwanted, unwelcome, or unreciprocated and that would cause a reasonable person to fear for her or his safety or the safety of others or to suffer substantial emotional distress.

Weapons law violations

Arrests or referrals for the violation of laws or ordinances dealing with weapon offenses.

APPENDIX 2 COLLEGE DRUG FREE SCHOOLS AND COMMUNITIES ACT BIENNIAL REVIEW

Introduction

The Drug-Free Schools and Communities Act of 1989 Amendments requires institutions of higher education to design and implement alcohol and illicit drug programs on their campuses. As a condition of receiving funds or any other form of financial assistance under any federal program, an institution of higher education has to certify that it has adopted and implemented a program to prevent "the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees" on campus property or as part of any campus activity.

This legislation directed Colleges/Universities to:

1. To develop a written policy on alcohol and other drugs
2. To develop a process that ensures policy distribution to all students, staff, and faculty
3. To enumerate federal, state, or local sanctions for unlawful possession or distribution of illicit drugs and alcohol
4. To describe health risks associated with alcohol abuse or illicit drug use
5. To describe College drug and alcohol programs available for students and employees
6. To specify disciplinary sanctions imposed on students and employees for policy violations
7. To conduct biennial reviews to assess the effectiveness of its alcohol and drug programs.

The law further requires an institution of higher education to review its program to:

1. To determine its effectiveness and implement changes if they are needed, and
2. To ensure that the sanctions developed are consistently enforced

In compliance with federal legislation, the Drug Free Schools and Communities Committee of Rochester Community and Technical College has prepared this biennial review.

Biennial Review Process

A committee was convened and oriented to the requirements of the Drug Free Schools Act and the completion of a Biennial Review to comply with the act.

The committee reviewed components essential to the College's drug and alcohol program: policy statements, publications, services, data collection, campus life, and data on student and employee conduct.

General Conclusion

Rochester Community and Technical College appears to be in full compliance with federal legislation. The College has developed and maintains a drug prevention policy. The College distributes the drug-free policy to all staff, faculty, and students annually. The College provides services and activities to promote a strong drug-free campus environment. The College tracks the number of drug and alcohol related offenses, sanctions, and referrals.
