Office of the President

May 8, 2024

Graduates,

Congratulations, Class of 2024! We're here tonight to celebrate a significant milestone in your lives. As you walk across the stage, treasure the moment. You are joining thousands of others in being called an alumnus of Rochester Community and Technical College (RCTC).

Some of you will be entering the workforce for the first time. Others may be transitioning into a new career or are transferring to a four-year university to continue your career goals. Whatever the future holds for you, please take time to thank those who have supported you along the way. It may have been a parent, grandparent, spouse, child, or a friend who inspired you to pursue your dreams. You may also have developed a special bond with a teacher, staff member, or classmate while at the College. Whoever it may be, make sure to thank them for their support.

“We must find time to stop and thank the people
who make a difference in our lives.”

-John F. Kennedy

On behalf of the faculty and staff of RCTC, we're honored you chose us to be part of your educational journey. Congratulations, and best wishes for continued success.

Peace, be unto you all,

Jeffery S. Boyd, Ed.D.
President

– Ceremonial Objects –

The Mace: The mace was initially modeled after a 12th century weapon. In earlier days, the mace, or heavy staff, was borne by, or carried before a magistrate or other dignitary as an ensign of authority. The mace of Rochester Community and Technical College symbolizes authority to carry out its mission, especially the granting of degrees. .

The (Presidential) Medallion: A medallion or seal of office worn by the head of an educational institution is a practice that also dates to the Middle Ages. In those times, a seal was used to mark documents as official. Possession of the seal was so important that it was usually worn around the neck for safekeeping. The wearing of the seal eventually became a symbol of authority.

– International Flags –

Please join us in recognizing our diverse international student graduates. RCTC enrolls an estimated 33 international students each year. These students represent 20 countries and come to the College to pursue degrees in a variety of disciplines. More international students obtain a higher education in the United States than in any other country, and they make valuable contributions while they are here. Not only do they provide economic benefits; these young people are America's best "ambassadors" for democracy and individual liberty. They also provide cultural exchange for future globalization benefits and will contribute to the political, cultural, and economic development of their own countries in the future.

– Congratulations –

Graduates: The faculty and staff of Rochester Community and Technical College congratulate you on the culmination of many years of hard work and your academic success. You are now RCTC Alumni; please be sure to keep in touch!
